SUMMARY

As a dynamic **web developer** with years of experience, proficient in **PHP and MySQL**, **WordPress, WooCommerce, Shopify, and OSSN**. Skilled in **frontend development** using **HTML, CSS, Bootstrap, and JavaScript**, and capable of developing **custom web applications** like **ERP**. Familiar with **server management** (WHM, cPanel, Alma Linux) and website migrations, ensuring smooth, scalable, and maintainable solutions. Beyond coding, I excel in **client interactions**, leveraging strong communication and negotiation skills to understand needs, build trust, and deliver projects that exceed expectations. I combine technical expertise with a **client-focused approach** to create solutions that are both visually engaging and commercially effective.
